

Can YOU help?

Do you have unneeded equipment taking up space?

Did you know that your lightly used durable medical equipment can help a Kansan with disabilities who needs Assistive Technology, but can't afford it?

The ATK-KEE Reuse Program accepts **donated equipment** that can be **refurbished to high quality standards** and then given, **free of charge**, to **Kansans** with disabilities and health conditions **who need them**.

EQUIPMENT DONATION DRIVE

ATK-KEE accepts donations such as:

- ~ Manual & powered wheelchairs ~ Scooters & power operated vehicles ~ Communication devices ~
- Home care beds ~ Patient lifts ~ Shower chairs ~ Standers & gait trainers ~
- Walkers with seats & handbrakes ~
